Registration Policies and Guidelines:

Please read the descriptions of each camp/activity carefully as the information varies.

Programming is based on the grade a child is entering in the 2021-22 school year.

- 1) An individual is not registered for a program or activity until all necessary forms are completed and returned to the Recreation Department with the correct payment. To avoid disappointment, please read all age requirements and registration fees.
- 2) All activities listed in this brochure have a minimum and maximum requirement for participation. While we make every effort to run all our programs as advertised, we reserve the right to cancel a program due to lack of registration. We will create waiting lists if maximum numbers are reached.
- 3) Please pay special attention to the beginning and end times of all activities. You CANNOT drop off children early or pick up children late. If you do, you will be charged an extra fee. There is no supervision outside designated times.
- 4) Disruptive and unsafe behavior will not be tolerated at any of our camps or programs. Disruptive and unsafe behavior is anything that, in the opinion of the Parks & Recreation Director or camp supervisors, compromises the safety of others or quality of instruction. Individual situations will be assessed and it will be up to the discretion of the Director whether a participant will be allowed to return to the program.
- 5) Activities with the Marcellus Recreation Department are NOT pro-rated.
- 6) Once you have registered yourself or your child for an activity, we do not make follow-up calls. You will only hear from our office if there is a change to the program.

Please make checks payable to: Town of Marcellus

*It is the policy of the Marcellus Recreation Department that no child will be denied participation in the Children's Recreation Morning Program because of an inability to pay. All inquiries will be held in confidence.
To inquire, call Phil Coccia, Recreation Director at 673-3269 ext.2*

Covid-19 Protocol for summer programs

Thank you for continuing to recreate with us. Safety continues to be a number one priority of ours! We are constantly staying on top of safety guidelines and promise to update you as often as possible. This summer, we will continue to use the Sports and Recreation Guidelines set forth by NYS. Please see the outline below on how we plan to run things this summer.

TEMPERATURE CHECKS: Instructors and staff running the programs will have their temperatures checked prior to each class. We will also be checking participant temperatures for classes held indoors.

HEALTH SCREENING QUESTIONS: Instructors and participants will be asked 3 screening questions before the start of class at program check-in. We ask that only a max of two guardians accompany the child to any outside program and one guardian for any indoor program. We also ask that guardians attempt to social distance where possible.

FACE COVERINGS: Instructors and participants must wear a mask at all times. All programs held on Marcellus School District grounds require the following: Masks must be worn by all staff and participants at all times. When eating and drinking (no masks) social distance of at least 6 feet must be maintained, In the event that guidelines for school's change, procedures will be re-evaluated at that time.

SANITATION: Hand sanitizer will be available at each program location. Instructors and participants will be able to use it as needed. All equipment is sanitized prior to use as well as following each class. As a department, we are following all CDC cleaning guidelines.

INDOOR ACTIVITIES: We understand that for those classes held inside that social distancing is a bit harder. We will be doing our best to give our instructors a space to properly keep participants at a distance. We have also lowered the number of individuals allowed to register for each program to be able to accommodate all participants safely. As often as possible we have asked instructors to allow for participants to have their own materials to work with (crayons, art supplies, balls, etc.). If an indoor activity can be moved outside, we will do so. Should you have any questions or concerns, please contact us.

The Recreation Department and our staff will be following all CDC and Sports and recreation guidelines set forth by NYS, including social distancing, cleaning protocol and mask wearing. We will also be reducing the numbers for recreation and camps this year so make sure to register early! Once a camp is closed, we will not be able to add anymore students.

Children are divided into supervised groups according to the grade they are entering for the 2021-22 school year. All groups will have the opportunity to play outside games, play in the gym, and participate in arts & crafts activities. Make sure your child wears a mask, comfortable clothing, sneakers and sunscreen every day. **Please Note:** If your child is signed up for camps (on the MCS campus) they are welcome to bring a bag lunch and eat in the cafeteria, where there will be supervision.
