**TOWN OF MARCELLUS AND MARCELLUS FIRE DEPARTMENT
AGREEMENT FOR FIRE SERVICE (2025)**

THIS AGREEMENT, made the 1st day of January, 2025, by and between the Town of Marcellus, a municipal corporation situated in the County of Onondaga, State of New York (hereinafter "Town"), and Marcellus Fire Department, Inc., a Not-For-Profit corporation, organized and existing under the laws of the State of New York and having its principal place of business in Marcellus, New York (hereinafter "Department").

WITNESSETH:

WHEREAS, Department is a Not-For-Profit Corporation organized exclusively for charitable and educational purposes and as part of those purposes, desires to provide fire protection and rescue services to persons in the Town of Marcellus including the entire corporate limits of the village of Marcellus; and

WHEREAS, such fire protection and rescue services are vital and necessary to the health and welfare of the inhabitants of the Town of Marcellus including the corporate limits of the village of Marcellus, as now included in the Marcellus Fire Protection District; and

WHEREAS, the Department maintains adequate and suitable apparatus, appliances and equipment for the furnishing of fire protection of said district; and

WHEREAS, the Town agrees that Department shall be the exclusive provider of primary fire protection services in the Town of Marcellus, including the village of Marcellus as now included in the fire protection district; and

WHEREAS, the Department does not maintain an ambulance and will not provide general ambulance services.

WHEREAS, a special law has been enacted that has permitted the town and village to extend the Marcellus Fire Protection District into the village of Marcellus, thus creating one fire protection district encompassing all of the limits of the town, including the corporate limits of the village of Marcellus, and such extension has now occurred.

NOW, THEREFORE, in consideration of the mutual covenants and conditions herein contained, the parties hereto mutually agree as follows:

1. PROVISION OF EMERGENCY SERVICES

Department will provide Town with personnel, apparatus, vehicles and equipment necessary to provide fire protection and rescue services capable of properly responding to emergencies on an on-going basis within the Town of Marcellus Fire Protection District. Fire protection shall be defined as Section 184 of the Town Law, but shall not include inspections of buildings and properties in the Town of Marcellus for the purposes specified in and as authorized by sections 187-a and 183 of the Multiple Residence Law, and section 189 of the Town Law. Fire Protection shall not include the provision of general ambulance services.

2. THE FIRE STATION

During the term of this agreement, the Town shall provide Department with suitable housing in order to house the Department's apparatus, equipment, vehicles and supplies and in order to provide such fire protection and shall maintain such housing in good order.

The Department acknowledges the Marcellus Fire Hall located at 4242 Slate Hill Road, Marcellus, New York constitutes suitable housing. The Department acknowledges the Fire Hall is to be used solely for fire fighting services unless otherwise permitted by the Town Board. Commercial use of the kitchen is prohibited.

The maintenance of the building and property shall be the responsibility of the Department utilizing designated funds from Schedule "A." The Department is required to have professionally cleaned, twice annually, the oil water separator. The first cleaning must occur prior to April 30th, and the second cleaning must occur prior to October 30th.

The Department may establish a reserve fund for the maintenance of the fire station. The balance of said building maintenance reserve fund shall not exceed \$75,000. The Department further agrees to notify the Town Board and obtain approval from the Town, for any maintenance projects in excess of \$5,000 and follow all Department procurement policies with respect to same.

3. TERM

The term of this Agreement shall commence on January 1, 2025 and shall continue until December 31, 2025 unless sooner terminated as herein provided.

4. COMPENSATION AND VFBL

Town agrees to pay Department those amounts as provided in Schedule "A", payable in installments as set forth in Schedule "B". Such funds shall be used by the Department solely for the administration of the fire department equipping fire department as necessary for recruitment and retention, and for such other purposes as related to providing fire protection or administering a fire department and as permitted by the Department's not-for-profit status. The installment payments will only be due if the Department is in full compliance with its obligations under this Agreement.

Department shall provide reports to the Town, no less than monthly, with itemized income and expenses which, at a minimum, disclose all income received from any and all sources. This report must be received and approved by the Town Board prior to and as a prerequisite to any installment payment made by the Town to the Fire Department pursuant to Schedules "A" and "B" to this Agreement. Department shall notify the town of any change in expense line item from which funds were originally budgeted, but in no event shall the Department expend funds in excess of \$5,000 outside the line item budget without Town approval. Except as may be restricted by paragraph two (2) above, the Department may transfer any unexpended portion of any line item to a capital or reserve fund. The Department will provide a report annually of the amount of the capital and reserve funds. The report will also include the line item surpluses from that year applied to the capital or reserve fund.

In addition to the foregoing, the Fire Department will provide to the Town each year prior to and in preparation for the Town's budget process the following:

- a statement itemizing the estimated costs attributable to the contract with the Town, including costs related to supplies, materials, operation, maintenance and repair of equipment and apparatus; insurance; training; protective clothing, gear and other personnel costs; building rental, maintenance and operation; and a specified proportionate share of capital costs.
- the fire company's most recent annual report of directors pursuant to Not-For-Profit Corporation Law Section 519 (if applicable);
- the fire company's most recent verified certificate pursuant to Not-For-Profit Corporation Law Section 1402(f) (if applicable);
- the fire company's most recent internal revenue service form 990; and
- the fire company's most recent annual report pursuant to General Municipal Law Section 30-a.

Town shall arrange coverage for benefits required under the Volunteer Firefighters Benefit Law and the New York State Firefighter Cancer Benefit program and shall be responsible for all increases in costs of any coverage under these benefit programs. The Department shall be responsible for all costs of maintenance of this program.

5. HOLD HARMLESS AGREEMENT

Town recognizes that Department is staffed by volunteers and that Department can only make reasonable efforts to recruit and retain volunteers. Town agrees to hold Department harmless for Department's failure to provide sufficient manpower at any single incident. Town shall also hold Department harmless for all claims, actions and suits against the Town for any act or omission of the Department beyond the amount of any exposure covered by insurance.

6. INSURANCE

Town agrees to maintain liability insurance sufficient to insure itself against claims for unintentional torts resulting in personal injuries in an amount of not less than One Million Dollars (\$1,000,000.00). Town shall name the Department as an additional insured in Town's insurance policy and shall provide proof of such insurance to the Department.

Department shall at all times and without any gap in coverage maintain automobile insurance for personal injuries and property damage arising out of the operation of emergency and firefighting vehicles in an amount of not less than One Million Dollars (\$1,000,000.00). Department shall name the Town as an additional insured, shall provide proof of such coverage to the Town, and shall cause the Town to be notified by the insurance carrier in case of any lapse of coverage.

7. BILLING

Department shall not bill any person for any fire protection or rescue services.

8. EXPIRATION OR TERMINATION OF RESPONSIBILITIES

Upon expiration or termination of the Agreement as provided hereunder, Department shall have no liability or responsibility for providing services under this Agreement to any person or property within the boundaries of the Town of Marcellus. Town agrees to defend, indemnify and hold Department harmless for any claim, suit, proceeding or action, arising from Department's failure to provide adequate or sufficient services to any person or property within the Town of Marcellus's boundaries after this Agreement expires or terminates.

9. GROUND FOR TERMINATION

Department may terminate this Agreement upon the Town's failure to deliver the monies due Department under this Agreement by the date due, so long as Department provides twenty (20) days written notice to the Town of the date it will cease providing services. If the Town remits such funds to the Department during this twenty (20) day notice period, Department shall not terminate services based upon the Town's failure to pay this annual contract payment.

Town may terminate this Agreement upon the loss or suspension of Department's ability to deliver fire protection services, or upon the failure of Department to continuously respond to requests for fire protection or rescue services within the Town's boundaries for a period of no less than two (2) weeks, so long as Town provides Department written notice of the date services will no longer be permitted. Department shall be provided the opportunity to cure such loss, suspension or failure, and shall have three (3) days from receipt of notice from the Town to provide such protection under the terms of this Agreement.

10. EQUIPMENT

The parties agree that trucks and equipment purchased in whole or in part with public funds provided by the Town shall be owned and maintained by the Department. The Department agrees however that said trucks and equipment shall be made available for the exclusive benefit of the residents of the Town of Marcellus and for mutual aid, without limitation, for the duration of this agreement and for a period of five (5) years following the termination or expiration of this Agreement.

It is furthermore the clear intent of the parties that Department trucks and equipment always be available for the benefit of the Town residents. Accordingly, in addition to the foregoing, the Department, as consideration for the right to own and hold title to the trucks and equipment, will also amend its Certificate of Incorporation to state that said equipment and trucks will be available for and utilized without limitation for the benefit of the residents of the Town of Marcellus and for mutual aid.

The Department further agrees to amend the Certificate of Incorporation such that the intent of the Department is that upon dissolution of the Department, said equipment and trucks ownership revert to the Town of Marcellus or to an entity designated by the Town.

The foregoing amendments to the Certificate of Incorporation may not be altered or amended without the approval of the Town of Marcellus and are a condition precedent to this Agreement.

The Department agrees to establish and maintain a separate capital account for vehicle purchases and agrees that said funds will be restricted to the purchase of said vehicles only.

All of the provisions of this paragraph ten (10) pertaining to Equipment shall survive the expiration or termination of this Agreement.

11. RESTRICTION ON CAPITAL PURCHASES

Department shall not make any capital purchase or incur any debt, either of which requires financing, if such purchase/financing would require an increase in the Department's budget in the future years for the term of the financing beyond the term of this Agreement, unless Department first obtains the approval of the Town.

12. QUARTERLY REPORTS

Department shall provide quarterly reports to town no later than May 15, August 15, November 15, February 15, detailing the number of calls to which the Department responded, in which town the call was located, and of such other information as the town may from time to time require.

Department shall also provide each month the prior month's income and expense report detailing the income and expenses of the Department pertaining to the contractual funds. Notwithstanding and in addition to the requirements within this paragraph, the Department will also comply with the requirements of paragraph 4 of this Agreement when rendering its monthly reports. The expenses shall be itemized by line item. Each line item shall indicate the amount of funds budgeted, spent and remaining. The Department shall also obtain a semi-annual independent audit and provide a report of the audit along with an inventory of equipment to the Town within thirty (30) days of its receipt of the audit report. The Town has paid for that portion of the audit which relates to public funds as part of the funds budgeted in Schedule A.

13. NOTICES

All notices, requests, demands and other communications required or permitted to be given hereunder shall be in writing, and shall be deemed duly given if delivered by hand or mailed by registered or certified mail, return receipt requested, to the parties at the following address:

20. GOVERNING LAW

This Agreement shall be governed by and construed in accordance with the laws of the State of New York. The County of Onondaga in the State of New York is hereby designated as the place of trial for any action or proceeding arising from or in any way connected to this Agreement.

21. NO ASSIGNMENT

In accordance with the provisions of Section 109 of the General Municipal Law of the State of New York, Department is hereby prohibited from assigning, transferring, conveying, or otherwise disposing of this agreement, or its power to execute this Agreement, to any other person or corporation without the express written consent of Town. Any such assignment or disposition without such consent shall be void and unenforceable.

22. ENTIRE AGREEMENT

This Agreement is the entire agreement among the parties and shall not be changed, except by a writing signed by the party to be charged. This Agreement shall supersede all prior agreements between the parties.

IN WITNESS WHEREOF, the parties hereto have set their respective hands and seals as of the day and year first above written.

TOWN OF MARCELLUS

TOWN BOARD RESOLUTION

October 16, 2024

TOWN OF MARCELLUS LOCAL LAW NO. 8 OF 2024

(“A Local Law Overriding the Tax Levy Limit Established
in General Municipal Law §3-c in the Town of Marcellus”)

The following resolution was offered by Councilor Hoey, who moved its adoption, seconded by Councilor Clarke, to wit:

WHEREAS, pursuant to the provisions of the Municipal Home Rule Law, a proposed local law titled Local Law No. B-2024, "A Local Law Overriding the Tax Levy Limit Established in General Municipal Law §3-c in the Town of Marcellus," was presented and introduced at a regular meeting of the Town Board of the Town of Marcellus held on September 4, 2024; and

WHEREAS, a public hearing was held on such proposed local law on October 16, 2024, by the Town Board of the Town of Marcellus and proof of publication of notice of such public hearing, as required by law, having been submitted and filed, and all persons desiring to be heard in connection with said proposed local law having been heard, and said proposed local law having been in the possession of the members of the Town Board of the Town of Marcellus in its final form in the manner required by Section 20 of the Municipal Home Rule Law of the State of New York; and

WHEREAS, Volume 6 N.Y.C.R.R., Section 617 of the Regulations relating to Article 8 of the New York State Environmental Conservation Law of New York (SEQRA), requires that as early as possible in the consideration of a proposed action, an involved agency shall make a determination whether a given action is subject to the aforementioned law; and

WHEREAS, on September 4, 2024, the Town Board declared itself lead agency and determined that the enactment of proposed Local Law No. B-2024 is an unlisted action and will have no significant effect on the environment, issuing a negative declaration, thus concluding environmental review under State Environmental Quality Review Act; and

WHEREAS, it is in the public interest to enact said proposed Local Law No. B-2024.

NOW, THEREFORE, it is

RESOLVED that the Town Board of the Town of Marcellus, Onondaga County, New York, does hereby enact Proposed Local Law No. B-2024 as Local Law No. 2-2024 as follows:

"TOWN OF MARCELLUS

LOCAL LAW NO. 2 OF 2024

**A LOCAL LAW OVERRIDING THE TAX LEVY LIMIT ESTABLISHED
IN GENERAL MUNICIPAL LAW §3-C IN THE TOWN OF MARCELLUS**

Be it enacted by the Town Board of the Town of Marcellus as follows:

Section 1. LEGISLATIVE INTENT

It is the intent of this local law to override the limit on the amount of real property taxes that may be levied by the Town of Marcellus, County of Onondaga pursuant to General Municipal Law §3-c, and to allow the Town of Marcellus to adopt a Town budget for (a) Town purposes; (b) fire protection districts; and (c) any other special or improvement district governed by the Town Board for the fiscal year 2025, that requires a real property tax levy in excess of the "tax levy limit" as defined by the General Municipal Law §3-c.

Section 2. AUTHORITY

This local law is adopted pursuant to Subdivision 5 of the General Municipal Law §3-c, which expressly authorizes the Town Board to override the tax levy limit by the adoption of a local law approved by a vote of sixty percent (60%) of the Town Board.

Section 3. TAX LEVY LIMIT OVERRIDE

The Town Board of the Town of Marcellus, County of Onondaga, is hereby authorized to adopt a budget for the fiscal year 2025 that requires a real property tax levy in excess of the limit specified in General Municipal Law §3-c.

Section 4. SEVERABILITY

If any clause, sentence, paragraph, section, article or part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operations to the clause, sentence, paragraph, section, article, or part thereof directly involved in the controversy in which such judgment shall have been rendered.

Section 5. EFFECTIVE DATE

This Local Law shall take effect upon filing with the Secretary of State."

The question of the adoption of the foregoing resolution was duly put to a vote and upon roll call, the vote was as follows:

Laurie Stevens	Town Supervisor	Voted	Yes
Jeff Berwald	Councilor	Voted	Yes
Percy Clarke	Councilor	Voted	Yes
Terry Hoey	Councilor	Voted	Yes

RESOLUTION OPPOSING INDUSTRIAL WIND PROJECTS

WHEREAS, a large wind energy project named Maple Harvest, consisting of 24 to 27 industrial wind turbines and associated infrastructure, is being considered in the Towns of LaFayette, Otisco and Tully; and

WHEREAS, each individual turbine may be up to 680 feet tall and located on hills which are at least 700 feet higher in elevation than surrounding valleys; and

WHEREAS, erection of wind turbines such as proposed would violate many municipal zoning regulations; and

WHEREAS, while the undersigned municipalities recognize the potential benefits of renewable energy, the current permitting procedures under the Office of Renewable Energy Siting (ORES) supersede the ability of municipalities to regulate land use decisions and directly address potential harmful environmental, social and economic impacts of such a project; and

WHEREAS, similar projects may occur in any municipality in New York.

NOW, BE IT RESOLVED, on this 16th day of October 2024, the Towns noted below in the County of Onondaga, State of New York that:

1. The undersigned oppose the current ORES regulations that usurp the ability of local municipalities to regulate land use decisions in their communities, thereby effectively overriding Home Rule; and
2. We stand in solidarity with the Towns of Otisco, Tully and Lafayette in opposing the erection and operation of large commercial wind turbines in their communities, along with the associated large transmission lines necessary to connect the turbines to the electrical grid; and
3. We urge relevant county, state, and federal authorities to engage in transparent and collaborative discussions to once again allow municipalities, instead of the state Office of Renewable Energy Siting, to make land use decisions within their jurisdictions; and
4. This resolution shall take effect immediately.

(Draft Comprehensive Plan Update)

INTERMUNICIPAL AGREEMENT
BETWEEN
The Town of Marcellus on behalf of
the Marcellus Sewer Districts # 1 and 2
and
The Village of Marcellus

Agreement made as of this ____ day of _____, 2024, by and between the Town of Marcellus, a municipal corporation, with its offices at 22 East Main Street, Marcellus, New York (hereinafter referred to as the "Town") on behalf of the Marcellus Consolidated Sewer Districts # 1 and 2, and the Village of Marcellus, a municipal corporation of the State of New York, with its offices at 6 Slocombe Ave, Marcellus, New York (hereinafter referred to as the "Village").

WITNESSETH:

WHEREAS, the Town has formed, operates and maintains the Marcellus Sewer Districts # 1 and 2 within the Town, to include sewer lines and the Platt Road pumping station, for the purpose of providing public sanitary sewer services to Town residents ("Town Sewer System"),

WHEREAS, the Village operates and maintains a sewer system within its corporate boundaries, which includes sewer lines, pumping stations, and a wastewater treatment plant ("Village Sewer System"),

WHEREAS, the Town and Village consolidated the operation, maintenance, and repair of their sewer systems in order to optimize operational efficiency, and reduce flow within the system by addressing I & I issues and reduce taxpayer expense.

NOW, THEREFORE, in consideration of the terms, covenants and conditions contained herein, the Town and Village do hereby agree as follows:

1. VILLAGE SERVICES

a. The Village, by virtue of the authority invested in it pursuant to Article 5-D of the General Municipal Law, hereby grants the Town the right to continue all existing connections and to discharge sanitary sewage into the Village Sewer System. If there is adequate capacity at the Village Water Pollution Control Plant (WPCP), upon approval of the Village Board of Trustees, the Town may make additional connections to the Village Sewer System.

b. The Town shall use such sewer system for sanitary purposes only, and said shall not be used for the disposal of fluids, chemicals or solids which may cause injury or damage to the sewer pipes, equipment or treatment plant or said sewer system, or for surface or roof water drain runoff.

c. If at any time during the term of this Agreement, the Village Sewer System is determined by written order of any authorized agency of the State of New York to be inadequate for the use of the Village and its inhabitants within the meaning of Section 14-1404 of the Village Law, the parties to this Agreement shall work together to find an acceptable solution to the determination. If such a solution is not reached, this Agreement shall terminate as of the date of such order, and the Town shall cease to discharge into the Village Sewer System. Upon any such termination, any payment due would be pro-rated to the date of termination. If by any reason of any natural calamity (force majeure) or act beyond the control of the Village (e.g. loss of power, vandalism, or sabotage) and, as a result, the service of the Town hereunder is terminated, any payment due shall be pro-rated to date of termination.

d. The Village shall continue to bill Town sewer users through the Town of Marcellus pursuant to the formula set forth in section 3 below.

2. TOWN ACTIONS

The Town agrees to:

a. Comply with the Village of Marcellus Sewer Ordinance and all written orders, directions and regulations of the Village for the use of such sewer system which are now in force and which shall hereafter be adopted by the Village or by the County of Onondaga, or by the State of New York.

b. In the event a sewer line breaks or other significant repairs are needed to the Town Sewer System described above, which the Village determines are beyond its capabilities to address, the Town shall pay for such repairs directly to the vendors selected by the Village to make the repairs.

c. Obtain the approval of the Board of Trustees of the Village before making any additional connections to or extensions of the Town Sewer System and make corresponding adjustments for sewer rent payments to the Village as necessary;

d. Report any and all sewer leaks/spills that happen within the Town Sewer System per the Sewage Pollution Right to Know Act (2013);

e. Continue to have Town sewer users in Town Sewer Districts (#1 and #2) make payment for sewer services to the Town pursuant to the formula listed in section 3 below; and

f. Make the Village whole for any outstanding sewer charges by March 1st of each year.

g. Ensure that the oil/grit separator located at the Firehouse is professionally cleaned out biannually to the satisfaction of the Village. The frequency of such cleanings may be amended upon mutual written consent of the parties.

h. Ensure that the oil/grit separator located at the Town Highway Garage is professionally cleaned out biannually to the satisfaction of the Village. The frequency of such cleanings may be amended upon mutual written consent of the parties.

3. SCHEDULE OF PAYMENTS

The Town shall bill Town Sewer users at the beginning of each calendar year, when Town taxes are levied. Said payment shall be based upon a Basic Service Fee (average Village sewer user payment), plus a thirty percent (30%) Outside User Fee, times the number of Town sewer units, to be prepared by the Village and submitted to the Town on or before October 1st of each year.

a. The Town agrees to transfer to the Village, by the 1st of March each year, in a single payment, to be approved at the Town's Organizational Meeting each year, those sewer rent payments that have been made to the Town by the Town sewer users.

4. CLASSIFICATION OF UNITS

The following classification of units will be used in both the Village and Town to determine the applicable annual sewer use payments to be made by the Town to the Village:

	CLASSIFICATION	FACTOR
1.	Single Family House	1 Unit
2.	Multi-Family House	1 Unit per residence.
3.	Apartment Houses and 1 Unit for each additional Apt.	1 Unit for 1 st Apt.

Marcellus Sewer Line and Pump Addendum

This Agreement is made this ____ day of _____ 2025, by and between the Town of Marcellus, a municipal corporation organized and existing under the laws of the State of New York with its principal offices as 22 East Main Street, Marcellus New York 13108 ("Town") and the Village of Marcellus, a municipal corporation organized and existing under the laws of the State of New York with its principal offices at 6 Slocombe Avenue, Marcellus, New York 13108 ("Village").

WITNESSETH

WHEREAS, the Town owns, operates and maintains the Marcellus Park located at 2443 Platt Road, Marcellus, New York 13108 ("Marcellus Park");

WHEREAS, the Town owns the Park Pump Station and sewer lines within the Marcellus Park boundaries for the purpose of providing public sanitary sewer services to the Marcellus Park ("Marcellus Park Sewer System");

WHEREAS, the Town is the owner of three-bathroom facilities located in Marcellus Park, including the grinder pumps located outside of each, and responsible for all maintenance excluding the Village from any responsibility;

WHEREAS, the Town is the owner of the fire hall facilities located at 4242 Slate Hill Road, Marcellus, New York 13108 ("Firehouse");

WHEREAS, the Town is the owner of the highway garage facilities located at 4262 Slate Hill Road, Marcellus, New York, 13108 ("Town Highway Garage");

WHEREAS, the Town is responsible for maintenance, repair and replacement of the Park Pump Station, including the right of way or easement for the pipe leading westerly to the Firehouse and Town Highway Garage, thereof and whereby the Town agreed to pay the Village for such sewer service at a rate commensurate with the amount of wastewater entering the system to be billed by the Village on a quarterly basis.

NOW, THEREFORE, in consideration of the terms, covenants and conditions contained herein, the Town and Village do hereby agree as follows:

To the extent requested by the Town, and pursuant to existing practice, the Village will monitor and oversee the normal operation, maintenance and repair of the Park Pump Station and sewage lines described above. The Town agrees to reimburse the Village for any reasonable costs incurred by the Village in providing such service.... In the event a line breaks or other repairs are needed to the Marcellus Park Sewer System, which the Village determines are beyond its capabilities to address, the Town shall pay for such repairs directly to the vendors selected by the Village to make the repairs.

The Town is responsible to report any and all sewer spills that happen for the Town Sewer System and Park Pump Station and sewer lines mentioned above per the Sewage Pollution Right to Know Act (2013) State Law.

The Town shall use such sewer system for sanitary purposes only, and said shall not be used for the disposal of fluids, disposal of grit/oil separators, chemicals or solids which may cause injury or damage to the sewer pipes, equipment or treatment plant or said sewer system, or for surface or roof water drain runoff.

The Town shall ensure that the oil/grit separator located at the Firehouse is professionally cleaned out biannually to the satisfaction of the Village. The frequency of such cleanings may be amended upon mutual written consent of the parties.

The Town shall ensure that the oil/grit separator located at the Town Highway Garage is professionally cleaned out biannually to the satisfaction of the Village. The frequency of such cleanings may be amended upon mutual written consent of the parties.

Notwithstanding the foregoing, the Town may contract for and retain the services of another entity for maintenance and repair of the Town Sewer Districts and Park Pump Station and sewer lines upon ninety (90) days notice to the Village.

The Term of this Agreement shall be three (3) years from the date of execution of same, unless notice of cancellation is provided in writing by one party to the other upon ninety (90) days notice.

Rosemary Tozzi, Town Clerk ✓

Town of Marcellus

22 East Main Street

Marcellus, New York. 13108

Dear Clerk Tozzi,

I hereby respectfully submit my written complaint regarding the matter of the "Very Heavy Rat Infestation", per Code Enforcement Officer John Houser, in and on the building and property located at 4457 Dublin Road in the Town of Marcellus, New York owned by Patricia A. Bishop.

Due to a lack of progress in remediation of the rat infestation and the condition of the exterior of the structure, as well as misleading or inaccurate information that has been communicated to adjacent property owners and members of the neighborhood, I believe it is the responsibility of and incumbent upon the Town of Marcellus government - and in particular the Code Enforcement Officer - to issue citations, complete with timeframes with daily fees attached for missed deadlines - to the property owner for bringing the property and structure into compliance and an end to this hazardous and threatening situation.

I respectfully list the following Town of Marcellus and State of New York Residential Building and Property Maintenance Code Chapters, Sections and/or Subsections as the basis for my complaint and violations of the property owner. It is time for real action by the property owner and official action by the Town of Marcellus to resolve this nightmarish situation up to and not limited to condemnation of said vacant structure:

Property Maintenance Code of New York State:

Chapter 1, Section 103, 103.1 Administration and Enforcement - the Uniform Code SHALL be administered and enforced by the authority having jurisdiction

Chapter 1, Section 107, 107.1.1 Unsafe Structure

Chapter 1, 107.1.3 Unfit for Human Occupancy Due to Vermin or Rat Occupancy

Chapter 1, 107.2 Vacant Structures.

Chapter 1, Section 107 Unsafe Structures and Equipment

Chapter 1, Section 108 Emergency Measures

Chapter 1, Section 109 Service Utilities

Chapter 2, Section 202 General Definitions

Chapter 3, 302.1 Exterior Clean, Safe and Sanitary Conditions

Chapter 3, 302.5 Rodent Harborage and Infestation

Chapter 3, Section 305 Interior Structure

Chapter 3, Section 306 including 306.1.1 Unsafe Conditions

Chapter 3, Section 309 Pest Elimination including 309.1 Infestation and 309.2 Owner

Chapter 6, Mechanical and Electrical Requirements

Chapter 7, Fire Safety Requirements

Town of Marcellus Code

Chapter 90, 90.1 Definitions

Chapter 90, 90.8 Construction Codes, Unsafe Buildings and Equipment and Condition of Imminent Danger (SHALL be identified and addressed)

Chapter 90, 90-11 Complaints

Chapter 90, 90-14 Record Keeping

Chapter 90, 90-16 Enforcement, Penalties for Offenses

Chapter 90, 90-17 Fees - Resolution by Town Board

Chapter 90, Fire Safety and Property Maintenance Inspection

The purpose of municipal and New York State codes is to protect the SAFETY, HEALTH and WELFARE of the public. The hazardous rat infestation at 4457 Dublin Road has spread throughout the neighborhood and will continue to spread likely beyond Dublin Road. Rats do not recognize town or village or property lines. They can also infiltrate sewers and stormwater systems.

Infestation at 4457 Dublin Road, Marcellus, New York

I thank all members of the Town of Marcellus government listed in my Letter of
Complaint and I await your earliest response and actions to resolve the threat to our
health, financial expenses incurred by neighbors in contracting with exterminators and
damages to neighboring structures and properties.

Sincerely,

Susan J. Clarke-Williams,

Power of Attorney for Jack M. Rice, owner of the property located at 4459 Dublin Road,

Houser, Deputy Code Enforcement Officer Jeremy Perry, and Assistant to Codes,
Planning Board and Zoning Board of Appeals Joanna Clarke, and Town Councilors Jeff
Berwald, Percy Clarke, Terry Hoey and Gabe Hood.

To the Town of Marcellus Board,

Many of the residents on Dublin Rd have great concern over the rat infestation at 4457 Dublin Rd. We were notified on September 27 of the issue. We then did our due diligence to educate ourselves with the company All Pest about what the process is and what we would need to do to try to do the best we could to protect our homes. We soon after learned that the homeowner Patty Bishop was not following through on her end for the abatement to continue. To date this is still a problem. No work is being done to stop the breeding of the 100's of rats, the removal of debris and garbage in the residence. It is our understanding that this is due to Patty's lack of following through with the companies offering their services to not only clean out the debris but abate the rats. We have been in close contact with Kelly at All Pest, she has been amazing at working with us and keeping us up to date on where things are which is at a stand still.

As you can imagine there are concerns not only that these rats will begin to look for another source of food, etc. Which means they will likely work their way into neighboring houses. Some neighbors have stated they have already seen signs that this is happening. We are unable to live comfortably in our homes like we once did, like things as simple as putting out bird food for the many birds that used to visit frequently because as you know this would attract the rats. We have a wonderful neighborhood with several new neighbors and we should not have to worry about our own homes because of the lack of responsibility of one.

We are bringing this issue to the board in hopes that something will be done because to this point, to our knowledge, no citations have been given to the owner, the last time the All Pest was on the premises to set traps was September 24, 2024, and no work can be done until the garbage and junk is cleaned out. This is an unsafe, unsanitary, and unhealthy situation that needs to be dealt with on an emergent basis. Time has shown that Patty is not going to put in the work and help of professionals to solve the infestation of the 100's of rats so we ask for your help in moving the process forward so we can go back to not worrying about when rats will enter our own homes.

We appreciate your consideration in this matter,

Residents of Dublin Rd

After review of phone records and recollections the following is a list of dates re discussions and emails received from the TOM.

9/24/24 the Rice family received a phone call from Patty Bishop - as she was directed by the TOM - notifying the family that rats were in her house located at 4457 Dublin Road, Marcellus NY. Patty said a company was coming in October 7, 2024 to get rid of the rats and added that they might "scatter"

9/27/24 I spoke in person with TOM Codes Enforcement Officer John Houser who was in the driveway located at Dublin Road and were discussing the rat infestation issue at 4457 Dublin Road. Upon questioning, CEO Houser that there were hundreds of rats in the 4457 house. CEO Houser assured me (us) at that time that the structure would be placarded by 9/30/24 to protect the health and safety of the public and first responders.

On or about 9/30/24 I left a voicemail message for TOM Supervisor Stevens.

On or about 10/1/24 TOM Supervisor Stevens called me back. I expressed my great concern about the 100's of rats in and outside the 4457 house and stressed the urgency of a resolution to the infestation voicing concern over the mold and whatever else is in and on the building and I stressed the importance of the TOM contacting directly the extermination company to get the most accurate information on the situation vs the homeowners updates. The supervisor told me that the Marcellus Fire Department Chief and the Onondaga County 911 Center we notified that in case of a fire at 4457 Dublin Road the fire was to be fought from the outside only and that they were to protect the neighboring houses.

10/9/24. I left voicemail message with TOM Supervisor asking for an update on the status on the matter.

10/10/24. CEO Houser called me at the direction of the supervisor. He explained that the plan with Patty was working and that the exterminator had switched from snap traps to bait traps. I strongly urged him to contact the extermination company for factual updates on the status of activity at said property

10/16/24 I received a call from CEO Houser with an update that all was going according to plan all based on his conversation with the homeowner. I told him the information he was being given by the homeowner was not true and that the exterminator had not been in the house at 4457 since 9/24/24.

10/17/24. I received an email with attachment from CEO Houser titled Codes Interpretation verifying the exterminator had not been there since 9/24/24. His attachment states that he is satisfied with the property owner's diligence and coordination with the exterminator and that "no further actions of the Town are required that this time.

On 10/25/2024 I spoke with Meghan Gillen with the Onondaga county health department animal disease control office. She pulled the file on the exterior inspection of [4457 Dublin Road, Marcellus, NY](#) as requested by a neighbor of that property. The inspection took place on 10/04/2024. She did the inspection and found the building windows and doors closed. She also told me her department does not have equipment to test debris or materials on the outside of the building to determine if rat feces or urine. She did not find signs of rat burrowing and the storm grates looked ok. I asked if she had any notes in the file re the town of Marcellus contacting her department for an inspection or follow up and she said no.

On 10/10/2024 CEO Houser told me on the phone in response to a question I had about the health department inspection that the health department was satisfied with the situation as long as the abatement plan was in process.

Timeline of Lynda Kianka interactions

9/27/24 Residents were notified by John Houser of rat infestation at 4457 Dublin Rd. Sta ted snap traps were set and the following Saturday, October 5,2024, All Pest would be coming to "fumigate/bomb"

9/30/24 L.Kianka had a conversation with Kelly the owner at All Pest. They do NOT use bombs or fumigate as it is against the law however assured me that what they were doing and would do will not harm any of our pets. SHe stated the homeowner wasn't being cooperative and the home needed to be cleaned out before they could proceed.

9/30/24 after speaking with Kelly I then called John Houser in the codes office about what I had been told by Kelly about the bombing and I was told he would look into it.

10/1/24 I, Lynda Kianka contacted the Health Department about the concerns over the health and safety of the neighbors and our concerns. She set up a day and time to have the outside of the house inspected as they are not able to go inside a residence without the permission of the owner.

During these 2 weeks I was unable to follow up as my son was in the hospital however Sue Rice was.

10/16/24 Spoke with Kelly at All Pest- she stated they had not been there since September 24 because the homeowners were not cleaning the property so that they could finish their abatement process and until they did so there was nothing more they could do.

10/16/24 I spoke with Terry Hoey, board member. He stated that the board was made aware of the situation but based on our conversation was unaware of the severity of the situation.

10/17/24 Spoke with Kelly at All Pest- homeowners were contracted to have a professional cleaning company that would be starting that Thursday, October 24, 2024 and then All Pest would go in and complete their work.

10/25/24 Sue Rice then followed up with Kelly(I had pneumonia) who stated nothing was being done because of a pending court case. As per the court the eviction case was closed at the end of August and there is not an open case in the Marcellus Town Court.

To Whom It May Concern,

I am writing to bring to your attention the significant impact that the rat infestation at Patty Kilcoyne's home on Dublin Road has had on our property. As residents of the neighborhood, we have experienced direct consequences from this issue, which has become increasingly problematic, particularly with my father's recent illness and our current efforts to prepare his home for sale.

In response to the growing infestation, we have been forced to take additional measures, including hiring Fox Pest Control to address the situation on our property which has cost our estate \$100's of dollars and time monthly. While we are taking steps to manage the problem, the larger issue within the community remains a concern, not only for us but for others in the area.

We hope that the town can address this situation promptly and implement any necessary actions to prevent further spread of the infestation, ensuring a safe and healthy environment for all residents.

Thank you for your time and attention to this matter. We would appreciate any updates on potential steps the town plans to take.

Sincerely,
Liz Irving

To whom it may concern, All pest of Syracuse was handling the rat infestation at 4457 Dublin Rd. Marcellus NY 13108. We arrived for the 1st time at the property on 9/6/24 @ 1pm. Upon Ray's arrival he took one step inside the home and rats scattered. He did not need to go far into the home because it was very evident that there were 100s of rats inside this home. Due to the awful condition of the home we had to start the process of exterminating them by using only snap traps. There was trash everywhere and piled from floor to ceiling. This is giving the rodents a perfect living environment. We went back to check the snap traps on 9/10/24, 9/14/24, 9/19/24, and 9/24/24. On 9/24/24 we did place a couple of tamper proof bait stations inside the property along with more snap traps. On 9/25/24 I Kelly received a phone call from some upset neighbors. The neighbors are worried that they will begin to start getting rats, and they were told by someone that we All pest of Syracuse would be bombing the home. They were concerned for their safety and their pets. I was honest with the neighbor and let them know it is possible that once this property begins to get cleaned out that some of the rats will scatter and it is a possibility some of them may have a few issues with rodents. I then assured them that we DO NOT bomb or spray anything for any type of rodent. Once clean out begins we would start using bait stations that are locked, tamper proof, and hidden and there is no danger to the neighbors, their pets or children. Due to the neighbors concerns we have NOT been back to this property since 9/24/24. I would like to educate the neighbors prior to us continuing. We want everyone to understand how the process works and educate them on the situation. I was informed yesterday 10/16/24 that clean up of this property will begin next week. We at All pest will work very closely with the clean up crew. As they clear one area we will then go in and set stations up. This will keep the rats from scattering quickly and should help keep them from moving into other properties. Unfortunately We can not guarantee others will not have rodent activity but doing everything we can to keep it at bay. We will not be going back to the home until I know all the neighbors understand our process and all feel comfortable with what we are doing. I have also attached two emails from marcellus code enforcement that he and the board are aware of our efforts. We would like to speak with all the neighbors as soon as possible so we can continue as soon as clean up begins. The longer we wait to get back to the property the rodent activity is not only continuing but the population is growing. We need to get everyone on the same page so we can move forward.

Thank you,
Kelly Virag

Good afternoon,

Thank you so very much for returning my call! As I said over the phone we are treating a home for a rat infestation. This home has 100s of rats. It would be in the top 10 of hoarder episodes. If the homeowner accepts the cleaning quote they will be going in within the next few weeks to start cleaning out. Once they start cleaning this property some of these rats are going to scatter. I appreciate your help notifying the neighbors. I will keep you posted on this property. If the homeowner chooses to not have it cleaned out we unfortunately can no longer help. I will just keep you updated on the entire situation.

Thank you again

Good Morning Kelly,

Thank you again for all your help.

Do we have an update on the clean out process? It was our understanding that it was supposed to be started by this point in the week.

Thanks in advance.

John,

To follow up on our conversation this morning. As I stated the neighbors are very concerned about the rat issue at 4457 Dublin Rd and Patty's lack of urgency to work to clean up her property and the infestation of the rats. Because she has not done her due diligence to clean the property out and All Pest to be able to get in there to finish their work it has created a much bigger concern. We as a neighborhood are not happy with the disregard from you stating it is NOT a town issue that is very concerning to us. We can no longer put out bird food for our frequent bird visitors and are on constant guard worrying about our homes becoming infested. Our concerns are being dismissed as "making the situation seem worse than it is" As I mentioned to you today if it were your neighborhood you wouldn't be very pleased either. Pattys lack of concern for the people around her property is selfish. This has started to cost some of us money as we now have to take steps in purchasing rodent repellents, traps, and even possibly hiring All Pest to protect our properties. These types of issues hurt property value,s as a lifelong town resident and local realtor this is of big concern. We do not feel as though you have been completely upfront with the board as I spoke with one of them and he had no idea it was as bad as it truly is.

I also have spoke to Kelly at All Pest several times in great depth about Pattys house. She has been fantastic in giving me information regarding the property, much of which contradicts what you are saying because you have only been talking to Patty who we all know is very good at trying to make people feel bad for her. I can tell you that after living 2 doors down from her for 29 years she has made excuse after excuse for why the police are there all the time, the rats, how she takes care of her property and more.

Kelly was kind enough to provide me with all the correspondence regarding the property. She also confirmed what you stated earlier, which was that the cleaners should be there by the end of next week and they will then finish their job. This is all based on if Patty follows through on her end which we all can say she has yet to do so thus far therefore we are very cautiously optimistic.

We plan to be at the November 6th board meeting so the board can hear directly from the neighbors about our concerns instead of 2nd hand. You stated this was a great idea.

I wish to communicate via e-mail going forward even though you stated that " that aint gonna happen". O am unsure of your willingness to do so.

John I have known you for a long time. Our kids went to school together and I am not looking to argue with you but I will make sure this is resolved in a way to make all parties involved concerns addressed and listened to. I believe it is wise to have open honest conversations going forward.

Thank you for this information, Lynda (Cc with supervisor), I have been a support for Patty this past month to help her keep going through the attorneys, and the orders to get possession of her house and scheduling professional abatement of the hundreds of rats. I assure you I have held nothing back from the Board.

The neighbors have every reason to be hurt and upset but I do not and therefor I am the perfect candidate to encourage and help her get across the goal line which I could not do if I thought she was a liar.

I reconfirmed with Kelly shortly after you left, and my report stands true. Furthermore, If we do not see some forward activity in the next two weeks my advisement and efforts moving toward the November 6, meeting will be Town involvement ASAP. - John

Thank you

Good afternoon,

Thank you so very much for returning my call! As I said over the phone we are treating a home for a rat infestation. This home has 100s of rats. It would be in the top 10 of hoarder episodes. If the homeowner accepts the cleaning quote they will be going in within the next few weeks to start cleaning out. Once they start cleaning this property some of these rats are going to scatter. I appreciate your help notifying the neighbors. I will keep you posted on this property. If the homeowner chooses to not have it cleaned out we unfortunately can no longer help. I will just keep you updated on the entire situation.

Thank you again

Kelly- owner of All pest of syracuse

We had an agreement for me to come in, within the 35 days, to retrieve our items. However, There is no clear pathway for us to bring any furniture out. Also, it is unsafe for anyone to enter at the moment. Due to this, I will ask that you either remove all traps, poison, and/or obstructions out of our way so that we may come in within the agreed upon time frame. Or, revise the agreement to a later date when the pathway is clear and it is safe enough for us to enter. I await your response.

No, John. That cannot be. Let me explain it to you.

I recalled something last night... I have legal control after August 31st eviction. She no longer has any control rights. Just courtesy of property pick up for the 5 weeks.

I sent text this morning to eviction lawyer about realizing that and about his implying that in past calls. His "liked" response indicated to me that I was correct.

Yesterday, he gave me the name of a property claims lawyer in case it was necessary. Another retired lawyer friend also heard of him. Contacted office this morning. Spoke to legal assistant. Explained rat infestation, hoarding situation, and that she was responsible for obstruction and inability to remove items. Said I am not responding. Legal assistant agreed that I not respond. She took information down to give to the lawyer. She said he will call me back as soon as he can.

There is no feeling safe. Once the professional clean out starts in coordination with All Pest, no one is allowed on the property. It is a done deal. There cannot be any sectioning of the clean out to accommodate her. It interrupts the process necessary and I would be charged for starting all over again every time it happened. It is part of their contract that if anyone tries to enter the property before they are completely done, they will be trespassing. The sheriff's can be notified and they can be arrested.

It was her own doing that she and her daughter are out of their belongings.

I will keep her and her daughter in my prayers.

Patty

4457 Dublin Road / rat infestation

Codes Interpretation

As of this date I am very satisfied with the property owner's diligence and coordination with All Pest of Syracuse to help with the unfavorable circumstances involving the very heavy infestation of rats at 4457 Dublin Road. The Town Board has been kept current with updates regarding the matter and it is my interpretation that no further actions of the Town are required at this time.

Thank you for this information, Lynda (Cc with supervisor), I have been a support for Patty this past month to help her keep going through the attorneys, and the orders to get possession of her house and scheduling professional abatement of the hundreds of rats. I assure you I have held nothing back from the Board.

The neighbors have every reason to be hurt and upset but I do not and therefore I am the perfect candidate to encourage and help her get across the goal line which I could not do if I thought she was a liar.

I reconfirmed with Kelly shortly after you left, and my report stands true. Furthermore, If we do not see some forward activity in the next two weeks my advisement and efforts moving toward the November 6, meeting will be Town involvement ASAP. - John

Thank you

John,

To follow up on our conversation this morning. As I stated the neighbors are very concerned about the rat issue at 4457 Dublin Rd and Patty's lack of urgency to work to clean up her property and the infestation of the rats. Because she has not done her due diligence to clean the property out and All Pest to be able to get in there to finish their work it has created a much bigger concern. We as a neighborhood are not happy with the disregard from you stating it is NOT a town issue that is very concerning to us. We can no longer put out bird food for our frequent bird visitors and are on constant guard worrying about our homes becoming infested. Our concerns are being dismissed as "making the situation seem worse than it is" As I mentioned to you today if it were your neighborhood you wouldn't be very pleased either. Patty's lack of concern for the people around her property is selfish. This has started to cost some of us money as we now have to take steps in purchasing rodent repellents, traps, and even possibly hiring All Pest to protect our properties. These types of issues hurt property value, as a lifelong town resident and local realtor this is of big concern. We do not feel as though you have been completely upfront with the board as I spoke with one of them and he had no idea it was as bad as it truly is.

I also have spoke to Kelly at All Pest several times in great depth about Patty's house. She has been fantastic in giving me information regarding the property, much of which contradicts what you are saying because you have only been talking to Patty who we all know is very good at trying to make people feel bad for her. I can tell you that after living 2 doors down from her for 29 years she has made excuse after excuse for why the police are there all the time, the rats, how she takes care of her property and more.

Kelly was kind enough to provide me with all the correspondence regarding the property. She also confirmed what you stated earlier, which was that the cleaners should be there by the end of next week and they will then finish their job. This is all based on if Patty follows through on her end which we all can say she has yet to do so thus far therefore we are very cautiously optimistic.

We plan to be at the November 6th board meeting so the board can hear directly from the neighbors about our concerns instead of 2nd hand. You stated this was a great idea.

I wish to communicate via e-mail going forward even though you stated that "that aint gonna happen". I am unsure of your willingness to do so.

John I have known you for a long time. Our kids went to school together and I am not looking to argue with you but I will make sure this is resolved in a way to make all parties involved concerns addressed and listened to. I believe it is wise to have open honest conversations going forward.

John and Laurie,

I appreciate your response. We hope to work together as a neighborhood to make sure this is handled the best way to ensure the safety of all involved until its resolution.

Re: Moonlight Walk

We would like to continue to offer the Moonlight Walk at Marcellus Park to the community this winter. The dates we would like to plan this event are Saturday evenings; December 14th and January 11th from 4pm to 9pm.

This would require three employees. The supplies for each Saturday would not exceed \$150.00 for s'mores ingredients and drinks (tea, hot cider, hot cocoa, and bottled water).

We appreciate your support!

TOWN OF MARCELLUS AND MARCELLUS CENTRAL SCHOOL DISTRICT

SHARED SERVICES AGREEMENT

THIS AGREEMENT, is made and entered into this ____ day of December, 2024, between the **TOWN OF MARCELLUS**, a municipal corporation of the State of New York with an address at 22 East Main Street, Marcellus, New York 13108 and the **MARCELLUS CENTRAL SCHOOL DISTRICT**, a school district existing under the laws of the State of New York, with an address at 2 Reed Parkway, Marcellus, New York 13108.

RECITALS

WHEREAS, the parties desire to enter into a shared services agreement with each other for the purpose of sharing services, equipment and materials thereby providing attendant efficiency and savings associated with said shared services.

NOW, THEREFORE, IT IS HEREBY AGREED, by the Town of Marcellus and the Marcellus Central School District as follows:

1. **Term.** The term of this Agreement shall begin on January 1, 2025 and end on December 31, 2025 (the "Term"). Thereafter this Agreement shall automatically renew for additional one (1) year terms; provided, however, that if either Party wishes not to renew, such Party must notify the other Party in writing, not later than ninety (90) days prior to the expiration of the term of the Agreement. Either party may terminate this Agreement upon sixty (60) days prior written notice. Upon termination, any outstanding obligations of the parties must be satisfied within thirty (30) days of the date of termination.

2. **Shared Services.** Both parties agree to exchange the services, equipment and materials ("shared services") set forth in **Schedule "A"** of this Agreement.

- A. All equipment or materials exchanged under this Agreement shall at all times be owned and shall be the sole and exclusive property of the party providing the equipment or materials.
- B. The receiving municipality shall have no rights or property interest in the equipment or materials, except for the right to use the equipment and materials pursuant to this Agreement.
- C. The employees of the party providing the shared services shall remain under the full supervision and control of the providing party.
- D. The parties shall remain fully responsible for all matters relating to their own respective employees including but not limited to compensation, insurance, benefits, and Workers' Compensation.
- E. The party receiving the shared equipment and/or materials shall be responsible for their repair where damage to such equipment and/or materials is caused by or arises out of or in connection with the recipient's use of said equipment and/or materials.

SCHEDULE "A"

"SHARED SERVICES"

TOWN OF MARCELLUS:

Description of ____ services, ____ materials, ____ equipment (check all that apply) to be shared:

The Town of Marcellus shall provide the following shared services:

Estimated cost/value of ____ service, ____ materials, ____ equipment (check all that apply).

Total cost/value: \$_____.

MARCELLUS CENTRAL SCHOOL DISTRICT:

Description of ____ services, ____ materials, ____ equipment (check all that apply) to be shared:

The Marcellus Central School District shall provide the following shared services:

Estimated cost/value of ____ service, ____ materials, ____ equipment (check all that apply).

Total cost/value: \$_____.

3. Services and equipment provided by the Town of Marcellus Highway Department to the Marcellus Central School District shall be made at the discretion of the Town Highway Superintendent provided the combined value of the services and equipment do not exceed \$2,500.00. Services and equipment in excess of \$2,500.00 in value must be approved in advance by the Town Board.

4. All services and equipment provided by the Marcellus Central School District to the Town of Marcellus must be approved in advance by the School Board.

5. **Indemnification.** The parties covenant and agree to indemnify and keep indemnified and save harmless the other party against a claim for any loss, injury, death and/or damage and against any claim for compensation for which the provider may or shall be liable by reason of its participation in the services to be rendered pursuant to this Agreement.

LOCAL LAW NO. ____-2024

**A LOCAL LAW TO AMEND CHAPTER 235 OF THE CODE OF THE TOWN OF
MARCELLUS REGARDING OUTDOOR CONCERTS**

BE IT ENACTED by the Town Board of the Town of Marcellus as follows:

SECTION 1. PURPOSE AND INTENT.

The purpose of this Local Law is to amend Chapter 235 of the Code of the Town of Marcellus pertaining to the uses allowed within the Town's Zoning Districts and to specifically allow outdoor concerts subject to the receipt of a special permit for the same, such that the Town may allow outdoor concerts, but in a manner that preserves the health, safety and welfare of the Town.

SECTION 2. AUTHORITY.

This Local Law is enacted pursuant to the New York State Constitution and New York Municipal Home Rule Law §10 and New York State Town Law § 274-B.

**SECTION 3. AMENDMENT OF SUBSECTION B OF SECTION 235-4 OF THE
CODE OF THE TOWN OF MARCELLUS.**

Section 235-4(B), "Definitions," is hereby amended to add a new term, "Outdoor Concert," which shall read in its entirety as follows:

"OUTDOOR CONCERT

Music event conducted outdoors and consisting of amplified music or music made with three or more instruments, including voices."

**SECTION 4. AMENDMENT OF SUBSECTION B OF SECTION 235-12 OF THE
CODE OF THE TOWN OF MARCELLUS.**

Section 235-12(B) is hereby amended to add a new Paragraph "3," which shall read in its entirety as follows:

"(3) Outdoor concert(s), subject to special permit and the following conditions:

(a) The lot must be ten acres or more in size."

SECTION 5. SEVERABILITY.

If the provisions of any Section, section, subsection, paragraph, subdivision or clause of this Local Law shall be judged invalid by a court of competent jurisdiction, such order of judgment shall not affect or invalidate the remainder of any section, subsection, paragraph, subdivision or clause of this Local Law.

SECTION 6. EFFECTIVE DATE.

This Local Law shall be effective upon filing with the office of the Secretary of State.

**TOWN BOARD RESOLUTION
INTRODUCING LOCAL LAW __-2024**

(A Local Law Amending Chapter 235 of the Code of the Town of Marcellus
Regarding Outdoor Concerts)

TOWN OF MARCELLUS

November 6, 2024

At a regular meeting of the Town Board of the Town of Marcellus, held at the Town Hall, 22 East Main Street, in said Town, County of Onondaga, State of New York, on November 6, 2024, at 6:30 P.M., there were:

PRESENT:	Jeff Berwald	Councilor
	Percy Clarke	Councilor
	Gabe Hood	Councilor
	Terry Hoey	Councilor
	Laurie Stevens	Town Supervisor

WHEREAS, Councilor _____ introduced proposed Local Law No. __-2024, “A Local Law Amending Chapter 235 of the Code of the Town of Marcellus” and made the following motion, which was seconded by Councilor _____; and

WHEREAS, Volume 6 N.Y.C.R.R., Section 617 of the Regulations relating to Article 8 of the New York State Environmental Conservation Law, requires that as early as possible an involved agency shall make a determination whether a given action is subject to the aforementioned law; and

WHEREAS, no other agency has the legal authority or jurisdiction to approve or directly undertake the enactment of a local law in the Town of Marcellus, such that there are no other involved agencies within the meaning of the New York State Environmental Quality Review Act (SEQRA) with respect to the proposed enactment of said Local Law, with the result that the Town Board shall act as lead agency in this matter; and

WHEREAS, the adoption of said Local Law is a Type I Action for purposes of environmental review under SEQRA; and

WHEREAS, the Town Board has determined that Full Environmental Assessment Form (EAF) shall be required in connection with this matter; and

WHEREAS, the said full EAF has been prepared and has been reviewed by the Town Board; and

WHEREAS, the Town Board has considered the adoption of said Local Law, has considered the criteria contained in 6 N.Y.C.R.R. Part 617.7 and has compared the impacts which may be reasonably expected to result from the adoption of said Local Law against said criteria.

NOW, THEREFORE, BE IT

RESOLVED AND DETERMINED that the enactment of said proposed Local Law __-2024 is a Type I Action, there are no other involved agencies and this Board shall act as lead agency in this matter for purposes of SEQRA review; and it is further

RESOLVED AND DETERMINED that the Town Board has determined this action shall have no significant adverse impact on the environment; that, accordingly, an environmental impact statement (EIS) shall not be required; and that this resolution shall constitute a negative declaration under SEQRA; and it is further

RESOLVED AND DETERMINED that the Town Board conduct a public hearing as to the enactment of proposed Local Law No. __-2024 at the Town Hall located at 22 East Main Street Street, in the Town of Marcellus on December 4, 2024 at 6:30 p.m., or as soon thereafter as the matter can be heard, at which time all persons interested in the subject shall be heard; and it is further

RESOLVED AND DETERMINED that notice of said public hearing shall be provided at least five (5) days prior to the date of said public hearing in a newspaper of general circulation within the Town of Marcellus and to any affected municipalities described above.

The question of the adoption of the foregoing resolution was duly put to a vote and upon roll call, the vote was as follows:

Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

iii. Will the proposed action use any existing public wastewater treatment facilities? ☐ Yes ☐ No
If Yes:

- Name of wastewater treatment plant to be used: _____
- Name of district: _____
- Does the existing wastewater treatment plant have capacity to serve the project? ☐ Yes ☐ No
- Is the project site in the existing district? ☐ Yes ☐ No
- Is expansion of the district needed? ☐ Yes ☐ No

<ul style="list-style-type: none"> • Do existing sewer lines serve the project site? <input type="checkbox"/> Yes <input type="checkbox"/> No • Will a line extension within an existing district be necessary to serve the project? <input type="checkbox"/> Yes <input type="checkbox"/> No <p>If Yes:</p> <ul style="list-style-type: none"> • Describe extensions or capacity expansions proposed to serve this project: _____ 	
<p>iv. Will a new wastewater (sewage) treatment district be formed to serve the project site? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes:</p> <ul style="list-style-type: none"> • Applicant/sponsor for new district: _____ • Date application submitted or anticipated: _____ • What is the receiving water for the wastewater discharge? _____

Describe types of new point sources. _____</p> <p>_____</p> <p>iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent properties, groundwater, on-site surface water or off-site surface waters)?</p> <p>_____</p> <p>_____</p> <ul style="list-style-type: none"> • If to surface waters, identify receiving water bodies or wetlands: _____ <p>_____</p> <ul style="list-style-type: none"> • Will stormwater runoff flow to adjacent properties? <input type="checkbox"/> Yes <input type="checkbox"/> No 	
<p>iv. Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater? <input type="checkbox"/> Yes <input type="checkbox"/> No</p>	
<p>f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, identify:</p> <p>i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)</p> <p>_____</p> <p>ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)</p> <p>_____</p> <p>iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)</p> <p>_____</p>	
<p>g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit, or Federal Clean Air Act Title IV or Title V Permit? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet ambient air quality standards for all or some parts of the year) <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>ii. In addition to emissions as calculated in the application, the project will generate:</p> <ul style="list-style-type: none"> • _____ Tons/year (short tons) of Carbon Dioxide (CO₂) • _____ Tons/year (short tons) of Nitrous Oxide (N₂O) • _____ Tons/year (short tons) of Perfluorocarbons (PFCs) • _____ Tons/year (short tons) of Sulfur Hexafluoride (SF₆) • _____ Tons/year (short tons) of Carbon Dioxide equivalent of Hydrofluorocarbons (HFCs) • _____ Tons/year (short tons) of Hazardous Air Pollutants (HAPs) 	

<p>h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Estimate methane generation in tons/year (metric): _____</p> <p>ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring): _____</p>			
<p>i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust): _____</p>			
<p>j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes:</p> <p>i. When is the peak traffic expected (Check all that apply): <input type="checkbox"/> Morning <input type="checkbox"/> Evening <input type="checkbox"/> Weekend <input type="checkbox"/> Randomly between hours of _____ to _____.</p> <p>ii. s. Does the proposed action include construction or modification of a solid waste management facility? ☐ Yes ☐ No

If Yes:

i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities): _____

ii. Anticipated rate of disposal/processing:

- _____ Tons/month, if transfer or other non-combustion/thermal treatment, or
- _____ Tons/hour, if combustion or thermal treatment

iii. If landfill, anticipated site life: _____ years

t. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste? ☐ Yes ☐ No

If Yes:

i. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility: _____

ii. Generally describe processes or activities involving hazardous wastes or constituents: _____

iii. Specify amount to be handled or generated _____ tons/month

iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents: _____

v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility? ☐ Yes ☐ No

If Yes: provide name and location of facility: _____

If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility: _____

E. Site and Setting of Proposed Action

E.1. Land uses on and surrounding the project site

a. Existing land uses.

i. Check all uses that occur on, adjoining and near the project site.

☐ Urban ☐ Industrial ☐ Commercial ☐ Residential (suburban) ☐ Rural (non-farm)

☐ Forest ☐ Agriculture ☐ Aquatic ☐ Other (specify): _____

ii. If mix of uses, generally describe: _____

b. Land uses and covertypes on the project site.

Land use or Covertype	Current Acreage	Acreage After Project Completion	Change (Acres +/-)
• Roads, buildings, and other paved or impervious surfaces			
• Forested			
• Meadows, grasslands or brushlands (non-agricultural, including abandoned agricultural)			
• Agricultural (includes active orchards, field, greenhouse etc.)			
• Surface water features (lakes, ponds, streams, rivers, etc.)			
• Wetlands (freshwater or tidal)			
• Non-vegetated (bare rock, earth or fill)			
• Other Describe: _____			

c. Is the project site presently used by members of the community for public recreation? ☐ Yes ☐ No
i. If Yes: explain: _____

d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site? ☐ Yes ☐ No
If Yes,
i. Identify Facilities: _____

e. Does the project site contain an existing dam? ☐ Yes ☐ No
If Yes:
i. Dimensions of the dam and impoundment:
• Dam height: _____ feet
• Dam length: _____ feet
• Surface area: _____ acres
• Volume impounded: _____ gallons OR acre-feet
ii. Dam's existing hazard classification: _____
iii. Provide date and summarize results of last inspection: _____

f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility? ☐ Yes ☐ No
If Yes:
i. Has the facility been formally closed? ☐ Yes ☐ No
• If yes, cite sources/documentation: _____
ii. Describe the location of the project site relative to the boundaries of the solid waste management facility: _____

iii. Describe any development constraints due to the prior solid waste activities: _____

g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste? ☐ Yes ☐ No
If Yes:
i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred: _____

h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? ☐ Yes ☐ No
If Yes:
i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply: ☐ Yes ☐ No
☐ Yes – Spills Incidents database Provide DEC ID number(s): _____
☐ Yes – Environmental Site Remediation database Provide DEC ID number(s): _____
☐ Neither database
ii. If site has been subject of RCRA corrective activities, describe control measures: _____

iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? ☐ Yes ☐ No
If yes, provide DEC ID number(s): _____
iv. If yes to (i), (ii) or (iii) above, describe current status of site(s): _____

Full Environmental Assessment Form
Part 2 - Identification of Potential Project Impacts

Agency Use Only [If applicable]	
Project :	LL ____-2024 (Outdoor Concerts)
Date :	November 6, 2024

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

1. Impact on Land Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1) <i>If "Yes", answer questions a - j. If "No", move on to Section 2.</i> <div style="float: right; text-align: right;"> <input checked="" type="checkbox"/> NO <input type="checkbox"/> YES </div>			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may involve construction on land where depth to water table is less than 3 feet.	E2d	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may involve construction on slopes of 15% or greater.	E2f	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may involve construction on land where bedrock is exposed, or generally within 5 feet of existing ground surface.	E2a	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may involve the excavation and removal of more than 1,000 tons of natural material.	D2a	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may involve construction that continues for more than one year or in multiple phases.	D1e	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may result in increased erosion, whether from physical disturbance or vegetation removal (including from treatment by herbicides).	D2e, D2q	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action is, or may be, located within a Coastal Erosion hazard area.	B1i	<input type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

2. Impact on Geological Features

The proposed action may result in the modification or destruction of, or inhibit access to, any unique or unusual land forms on the site (e.g., cliffs, dunes, minerals, fossils, caves). (See Part 1. E.2.g)

☒ NO☐ YES

If "Yes", answer questions a - c. If "No", move on to Section 3.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Identify the specific land form(s) attached: _____ _____	E2g	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may affect or is adjacent to a geological feature listed as a registered National Natural Landmark. Specific feature: _____	E3c	<input type="checkbox"/>	<input type="checkbox"/>
c. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

3. Impacts on Surface Water

The proposed action may affect one or more wetlands or other surface water bodies (e.g., streams, rivers, ponds or lakes). (See Part 1. D.2, E.2.h)

☒ NO☐ YES

If "Yes", answer questions a - l. If "No", move on to Section 4.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may create a new water body.	D2b, D1h	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water.	D2b	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may involve dredging more than 100 cubic yards of material from a wetland or water body.	D2a	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may involve construction within or adjoining a freshwater or tidal wetland, or in the bed or banks of any other water body.	E2h	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may create turbidity in a waterbody, either from upland erosion, runoff or by disturbing bottom sediments.	D2a, D2h	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may include construction of one or more intake(s) for withdrawal of water from surface water.	D2c	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may include construction of one or more outfall(s) for discharge of wastewater to surface water(s).	D2d	<input type="checkbox"/>	<input type="checkbox"/>
h. The proposed action may cause soil erosion, or otherwise create a source of stormwater discharge that may lead to siltation or other degradation of receiving water bodies.	D2e	<input type="checkbox"/>	<input type="checkbox"/>
i. The proposed action may affect the water quality of any water bodies within or downstream of the site of the proposed action.	E2h	<input type="checkbox"/>	<input type="checkbox"/>
j. The proposed action may involve the application of pesticides or herbicides in or around any water body.	D2q, E2h	<input type="checkbox"/>	<input type="checkbox"/>
k. The proposed action may require the construction of new, or expansion of existing, wastewater treatment facilities.	D1a, D2d	<input type="checkbox"/>	<input type="checkbox"/>

1. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>
----------------------------------	--	--------------------------	--------------------------

4. Impact on groundwater

The proposed action may result in new or additional use of ground water, or may have the potential to introduce contaminants to ground water or an aquifer.
(See Part 1. D.2.a, D.2.c, D.2.d, D.2.p, D.2.q, D.2.t)

☒ NO

☐ YES

If "Yes", answer questions a - h. If "No", move on to Section 5.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may require new water supply wells, or create additional demand on supplies from existing water supply wells.	D2c	<input type="checkbox"/>	<input type="checkbox"/>
b. Water supply demand from the proposed action may exceed safe and sustainable withdrawal capacity rate of the local supply or aquifer. Cite Source: _____	D2c	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may allow or result in residential uses in areas without water and sewer services.	D1a, D2c	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may include or require wastewater discharged to groundwater.	D2d, E2l	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may result in the construction of water supply wells in locations where groundwater is, or is suspected to be, contaminated.	D2c, E1f, E1g, E1h	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may require the bulk storage of petroleum or chemical products over ground water or an aquifer.	D2p, E2l	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may involve the commercial application of pesticides within 100 feet of potable drinking water or irrigation sources.	E2h, D2q, E2l, D2c	<input type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

5. Impact on Flooding

The proposed action may result in development on lands subject to flooding.
(See Part 1. E.2)

Full Environmental Assessment Form

Part 3 - Evaluation of the Magnitude and Importance of Project Impacts and Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

1. If adopted, proposed Local Law No. __-2024 will provide more comprehensive regulations to potentially permit and regulate the ability to have and host outdoor concerts within the Town of Marcellus in a manner that preserves the health, safety and welfare of the Town.
2. The Town and businesses within the Town are growing such that more tourists are attracted to the area and this Local Law will allow the Town to address environmental/safety/welfare concerns associated with such growth (e.g., incompatibility with surrounding neighborhoods, congestion and other environmental impacts) in a more tailored manner
3. This Local Law seeks to accommodate public demand that exists for the allowance of outdoor concerts within the Town, again in manner that protects the health, safety and welfare of the Town.
4. While it is recognized that there is public demand (and benefits to the Town as a result, e.g., tourism) in allowing outdoor concerts, this Local Law allows for the Town to take into consideration important factors such that the allowance of outdoor concerts will not have a negative impact on the neighborhood/environment.
5. Enactment of this Local Law will be more protective of the environment than the absence of such regulations.
6. This Local Law ultimately seeks to minimize aesthetic and other impacts of such a use on neighbors/neighborhoods/environment, and as such, its adoption will have no significant effect on land use, air or water quality, traffic, solid waste production, drainage, animal or vegetation life; will not create any conflict with the Town's plans or goals; will not impair the character of any community or neighborhood resource; will not create any health hazard; will not result in any major change in energy use; and will not create any demand for other action which would result in the above consequences.

Determination of Significance - Type 1 and Unlisted Actions

SEQR Status: ☒ Type 1 ☐ Unlisted

Identify portions of EAF completed for this Project: ☒ Part 1 ☒ Part 2 ☒ Part 3

Upon review of the information recorded on this EAF, as noted, plus this additional support information

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
TOWN OF MARCELLUS TOWN BOARD as lead agency that:

☒ A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

☐ B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

☐ C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.
