I would like to propose a resolution to lower the speed limit from Coon hill road to the second Coon hill road to 40mph.

There have been several dangerous situations for me and my family being due to cars accelerating over the speed limit, as it changes just before my house at the bottom of the hill. Over the years, the problem has gradually become worse and cars are traveling up to 60+ mph by the time they are passing my home. Not only is it alarming for me because I have a family with young children who like to play outside, but I also live in a farming community. I have seen cars approach farm equipment at a dangerous speed. It is a disaster waiting to happen. There is currently a 40 mph speed limit on a stretch of the road and would like to see that extended a bit further. Thank you.
