Food Sense Program – Food Bank of CNY: Supervisor Stevens shared that the Fire Department spoke with the representative of the Food Sense program to investigate whether or not the Fire Department Building would be a viable location for conducting the once-a-month service. Concerns were expressed regarding the need to have Fire Department personnel present to supervise the operation, enable access to the building etc. Another concern arose when Mr. Card asked the representative about providing the Town with appropriate insurance coverage. The Food Sense representative was not sure if the program had or could provide insurance. Rose was tasked with reaching out to the Food Sense representative and to offer them the use of the side parking lot at the park if they can provide us with a certificate of insurance citing the Town of Marcellus as an additional insured as an option instead of using the Fire Department facility.

NEW BUSINESS

Permissive Referendum – Highway Plow Truck: Mike Ossit, Highway Superintendent; introduced the subject with a few comments. Attorney Gascon then read aloud the prepared “Resolution Subject to Permissive Referendum” regarding the proposed purchase of a 2025 Freightliner M2 and Tenco Plow and Body Package in order to move ahead with the process of the acquisition after which the Board formally approved the following resolution:

**TOWN BOARD RESOLUTION
TOWN OF MARCELLUS
SUBJECT TO PERMISSIVE REFERENDUM**

At a Workshop meeting of the Town Board of the Town of Marcellus, held at the Town Hall, 22 East Main Street, in said Town, County of Onondaga and State of New York on May 15, 2024, at 6:30 P.M., there were:

WHEREAS, the Town Board of the Town of Marcellus is desirous of expending monies from the equipment fund of the Town of Marcellus and for the purchase of the aforementioned 2025 Freightliner M2 with new Tenco plow and body package for use by the Town of Marcellus Highway Department in the physical betterment and improvement of the Town; and

NOW THEREFORE, BE IT RESOLVED, the Town of Marcellus Town Supervisor is hereby authorized to enter into an agreement to acquire a 2025 Freightliner M2 with new Tenco plow and body package, at a price not to exceed Two Hundred Forty-Seven Thousand Two Hundred Three Dollars and 00/100 Cents (\$247,203.00), from Tenco Industries Inc; and

Said resolution was offered by Councilor Hood and seconded by Councilor Berwald.

VOTE:	Laurie Stevens	Aye
	Jeff Berwald	Aye
	Percy Clarke	Aye
	Gabe Hood	Aye

Resolution duly adopted.**Dated: May 15, 2024**

Address Numbers on Town Hall: Mike Ossit, Highway Superintendent, stated that Lori Petrocci brought up the fact that the Town Hall currently has no address numbers affixed to the building. It was mentioned that 6" numbers would comply with code and decided that placing numbers on the entry doors at the front of the building would be sufficient to resolve that issue. John Houser will get the exact commercial code requirements to Mr. Ossit who will then take care of it.

B&C Storage Business Sign: John House and the Board spoke about the sign that has been proposed for a new sign for B&C Storage. John believes that it fully complies with the new law. No specific action was taken at this time.

Discussion Agenda:**Fire Department**

Mr. Card stated that the kitchen was nearly done, and the announcement was well received.

Mr. Card then asked to have a confidential meeting called with council regarding the recent request from the Board for an audit from the Fire Department. It was pointed out that such a meeting would be in conflict with the Open Meetings Law. Mr. Card suggested that he Attorney Gascon stated that the Fire Department is to provide a "semi-annual independent audit ..." as detailed in the annual contract between the Town and the Fire Department. The last audit was performed by Cuddy and Ward over two years ago. It was suggested that the Fire Department audit be done by the State for free, in the same fashion as the Town gets their audits done annually, instead of using taxpayers' money in the amount of 7 to 9 thousand dollars. The point was made that according to the existing contract between the Town and the Fire Department, the audit is a contractual obligation of the Fire Department, and that the Town is specifically paying for the audit as part of the monies outlined in Schedule "A". The contract makes no distinction regarding the amount of income the Fire Department reports. In speaking about getting the audit done by a private firm versus the State, it was pointed out that the financial reporting has been less then timely or complete as required by the contract lately and that that observation contributed to the request that an audit be done and received by the Board within six months. It was agreed upon by several people that the State would take much longer to complete an audit, and in light of how long it has been since an audit has been conducted, it would be preferrable to engage a private firm to complete the process in a timelier manner.

Welcome Center

Jim Rossiter informed the Board that no potential contractors attended the pre-bid conference that had been scheduled for 10:00 am today at the park for the purpose of reviewing the overall objectives and limits of the project.

Items from the Board: Gabe Hood asked if anyone knows if the two new buses the school authorized in the new budget would be electric? No one knew specifically.

Supervisor Stevens let everyone know that the Town of Marcellus is now a certified member of The Association of Towns of the State of New York. Anyone who would desire to review the certificate and/or the brochure of the Association's priorities can view same in the office of the Town Clerk. The OCWA Annual Report for the fiscal year ending December 31, 2023, will also be on file in the Town Clerk's office.

Councilor Hoey said that Jerry Wickett was wondering about scheduling the next steps in the process of the public meeting for the Comprehensive Plan. Rose should be contacted regarding reserving the conference room for the meeting.

The Board inquired about the status of the key fob project. Mike Ossit responded that he is still waiting for a response. Councilor Berwald offered to give Mr. Ossit some alternative contact information.

Councilor Berwald gave an update on the Little League Baseball fencing project for the Park: it will cost \$19,000.00. He has been in contact with Julie Abbott and They are seeking funding from the County. Local fundraising by the teams was spoken mentioned another possible option for some of the money.

Councilor Berwald asked about the timeclock project that had been talked about last fall. Supervisor Stevens said that there was no support for the project at that time and asked if Councilor Berwald would be willing to look into the project again for the Board. Councilor Berwald agreed to do so.

Mike Ossit also mentioned that the AFLAC people would like to offer their programs to our employees. Mike will set up a meeting if the Board is OK with engaging their representative. There was a question about whether seasonal employees could be included in such a program, but Mike will have to get back to the Park about this.

Adjournment: Councilor Hood made a motion seconded by Councilor Clarke to adjourn the Workshop Meeting at 7:30 pm.

Ayes – Berwald, Clarke, Hoey, Hood and Stevens

Who we are:

The Society for Creative Anachronism (SCA) is an international, inclusive 501(c)(3) nonprofit organization that focuses on researching/teaching and re-creating pre-17th century arts, combat, and cultures. Local groups hold activities, demonstrations, and events year-round. (Visit <https://sca.org/about> for more information on the SCA. For information on insurance certificates, visit <https://www.sca.org/wp-content/uploads/2023/07/insurancecert-6-2023.pdf>.)

Our local group, the Barony of Delftwood (see www.delftwood.org), wishes to hold an event featuring Knights who will take to the field in combat to determine who the group's next King and Queen will be. The day will be action-packed and filled with much pomp and circumstance.

Date: Saturday, October 5, 2024

Place: Annex Pavilion and surrounding grassy grounds, Marcellus Park (Note: We do not need a baseball field, volleyball net, or horseshoes)

Times: 8-9 am (i.e., the earliest time possible, so we can begin setup) – 8 pm (off premises)

Estimated attendance: 150-200

Activities featured in this event:

1. Armored warriors will compete while wearing safety-tested and approved metal body armor and helmets, using "weaponry" that is fashioned from rattan (a plant similar to bamboo) and then padded for safety. The winner of the competition is immediately crowned Prince and Princess.
 - o For the protection of onlookers, all zones of combat are roped off and monitored closely by qualified, rigorously trained safety officers stationed at each zone.
2. A historically accurate meal, prepared by a ServeSafe-certified cook, consisting of historically documented foods, which will require minimal on-site preparation and cooking.
 - o If available/allowed, we would appreciate the use of a grill for warm meat preparation.
3. All participants will be dressed in historically accurate clothing from all over the world and all eras prior to 1600AD.
 - o Many participants will bring either a modern canopy to provide shade or a historically accurate canvas pavilion adorned with large, colorful flags and banners.
 - o All canopies/pavilions are put up and broken down by those who own them.

Hi All - Based on everyone's availability, I have scheduled the Comprehensive Plan Public Hearing for Thursday, August 8th. The meeting room at the Town Hall has been reserved. More details and exact times will follow as we get closer. However, it should start around 5 or so with an informational open house, followed by a public comment session. I am working on what the consultants will provide and what our responsibilities will be. Stay tuned.

Please mark your calendars

Thanks, Jerry
